MEN'S INDOOR VOLLEYBALL – COACHES

The following events in 2020 are in the Calendar for Senior Australian Men's Indoor teams to compete in.

19-26 April Olympic Test Event in Japan. This is a tournament between Japan, China, Korea and Australia to open and test the new venue which has been built for the Olympic Games. We will send a team of 12-14 players + staff

22 May – 21 June Volleyball Nations League (VNL). Australia plays in rounds in Germany (May 22-24), Russia (May 29-31) Japan (June 5-7), Iran (June 12-14) and Canada (June 19-21), and will probably have a preparation camp in Europe beforehand. 12-14 players + staff will be selected for each round.

22-30 August AVC Cup in Myanmar. Details to come later.

These events are classified as Tier 2 Events by Volleyball Australia – being events at which teams consisting of some current Volleyroos and some potential future Volleyroos will represent Australia.

VA will also be using this as an opportunity for some of our leading coaches to work with the National Team at these events. We would like to hear from Australian coaches who have reached a suitable level in their coaching careers as to their interest in being involved in one or more of these events. We expect that the coaches should have some international experience, preferably at a senior team level, or in Australia have coached at AVL level, or equivalent.

A group of experienced international coaches will also be engaged to mentor the selected coach(es).

Interested coaches are invited to submit an Expression of Interest to be considered for any or all of these events on the attached Form.

Please indicate which of the above events, if not all, you are interested in and available for, and also whether you might be available to attend the trials in March, April or May. It is anticipated that trials will be held in Canberra (March or April) and Europe (May). Please also indicate your volleyball experience, and the volleyball role that you currently hold.

Please send your Expression of Interest to john.boulton@volleyball.org.au by **21 February 2020**.

If you have any questions please email John Boulton, High Performance Director at the address above.
